Med-Pro Medical Business Systems

Med-Pro Medical Business Systems, Inc uses cloud-based software technology to help medical offices achieve maximum proficiency and increase revenue. MediTouch software was developed in 1998 by doctors who knew firsthand the challenges they faced in their daily work. MediTouch is certified as a Complete EHR that supports both Stage 1 and Stage 2 of Meaningful Use. MediTouch is one of just a handful of integrated EHR, Clearinghouse and Practice Management companies that has been accredited by the Electronic Healthcare Network Accreditation Commission (EHNAC). This certification means that MediTouch maintains or exceeds industry standards with regard to confidential and secure data interchange.
